Available on:

Contract No. GS-28F-1040C

**D**atum 4Post™ Shelving offers exceptional strength and durability for a variety of storage applications. 4Post™ Shelving incorporates both “L” & “T” shaped uprights allowing for a variety of shelving configurations. Interlocking key-hole uprights combined with double rivet shelf supports are designed to offer maximum strength and durability with exceptional versatility. Single and double entry units are available allowing for maximum filing/storage capacity with minimal floor intrusion. All shelf units are designed for expansion and are available as mobile ready for easy conversion to Datum TrakSlider™ Systems and MobileTrak5®.

### Prepunched Top

Units are easily converted to a Datum TrakSlider™ System. Prepunched tops and single rivet bottom shelf supports allow for easy attachment without any drilling.

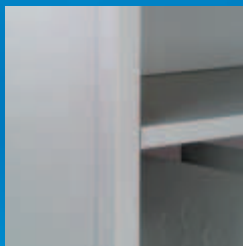

### Adjustable Dividers

Dividers are adjustable on 2" centers and help keep records upright, neat, and organized.

### Textured Powder Coat Finish

All Datum 4Post™ parts are powder coated with a textured finish resulting in a durable long lasting finish.

### Adjustable Shelves

Allow for flexibility to store various forms of media all in one system! Shelves are available in slotted or unslotted Standard, Medium, and Heavy Duty to meet your specific storage requirements.

### Shelf Supports

All shelves are supported with 2 heavy duty double rivet shelf supports. Optional shelf reinforcements can be added if needed to increase load capacities of shelves.

### Uprights

Uprights are made of heavy duty 18 Gauge construction available in closed and open style. Key slots are positioned on 1-1/2" centers allowing for shelves to be adjusted up or down as needed. Sectional closed backs are available upon request.

### Custom Configuration

Datum offers more sizes than any other manufacturer. Choose from 24", 30", 36", 42" and 48" wide shelves to create a custom solution resulting in maximum storage capacity.

#### Quick Ship Colors:

TEXTURED BONE  
WHITE T15

TEXTURED  
GRAY MIST T86

*NOTE:* Printed samples shown above may differ slightly from actual colors. 4Post™ is also available in all Datum colors. Please contact your Datum representative for actual color samples, if required.

All Datum products have a powder coated finish. Powder coating provides a superior, attractive, uniform finish that is more durable, scratch and corrosion resistant, and more environmentally friendly than liquid paint.

# Combine 4Post™ and MobileTrak5® or TrakSlider™ for high density space savings!

## TrakSlider™

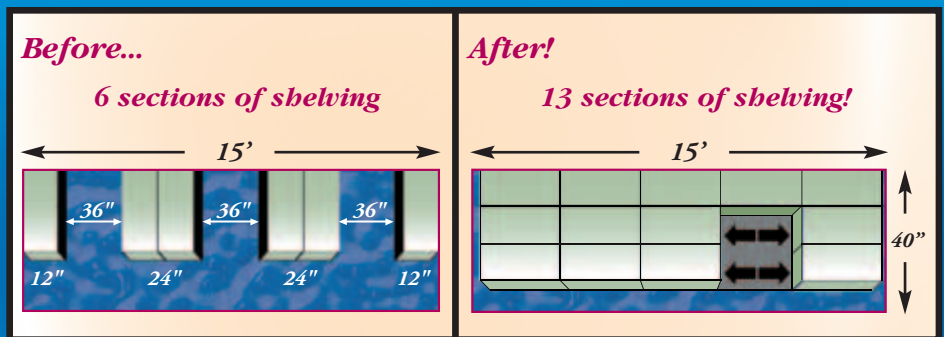

Datum 4Post™ combined with our TrakSlider™ Systems more than doubles current storage capacity by converting stationary files into movable systems.

4Post™ TrakSlider™ Systems are:

- *Flexible* — TrakSlider™ Systems are available for all 4Post™ sizes.
- *Expandable* — add more track, carriages, and shelving as storage requirements increase.
- *Easy to Install* — prepunched holes make for fast and easy attachment of carriages and overhead anti-tip hardware.

Example:

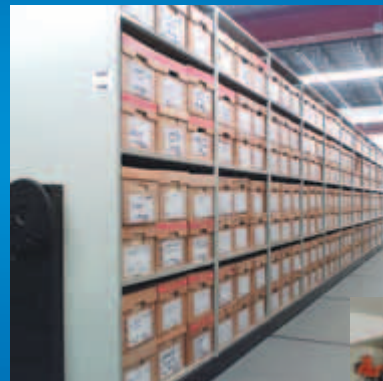

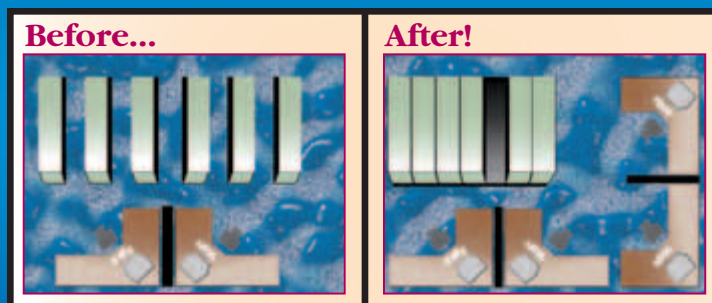

## MobileTrak5®

For larger high capacity applications, combine MobileTrak5® and 4Post™ to reduce floor space requirements by up to 50%. Fixed shelves require additional aisles for access between units, MobileTrak5® eliminates all but one movable aisle by attaching shelving to heavy duty rolling carriages. Space savings can be used to increase storage capacity or for other uses such as additional workstations.

Designed to be utilized with MobileTrak5®, Datum 4Post™ is available as "Mobile Ready" for easy and secure attachment to MobileTrak5® carriages. All Datum 4Post™ configurations can be attached to MobileTrak5® to create a custom storage solution for letter and legal documents, X-Ray jackets, binders, books, archival storage, office supplies, spare parts or any type of inventory.

Example:

*York County Archives (York, PA)  
4Post™ shelving is used with a mechanical MobileTrak5® System to store archival record storage boxes.*

*Ligonier Country Club (Ligonier, PA)  
A manual MobileTrak5® System with 4Post™ shelving stores golf bags when not in use.*

To receive additional information on Datum's MobileTrak5® or TrakSlider™, please contact your local sales representative or contact the factory.

## About Datum

Datum Filing Systems has been designing and manufacturing filing, storage and office furniture solutions since 1968. Based in Emigsville, Pennsylvania, Datum is a family owned and operated company that offers a full line of products designed to meet virtually any office furnishing need or storage application.
