

NEW & IMPROVED
DEEPER DESIGN!

Stak-N-Lok™

- ◆ Designed exclusively for letter* depth media
- ◆ Increased tier size allows for faster and easier filing
- ◆ Includes new adjustable file divider
- ◆ Secures files to assist with HIPAA requirements

100 Series Stak-N-Lok™
(SN16LT5 Shown)

*Stak-N-Lok™ units are also available for legal and binder media.

Datum's new Stak-N-Lok™ offers the same great features as the original but includes a deeper cabinet and adjustable file dividers. It features the same modular "grow-as-you-go" design of the original Stak-N-Lok™ to help you store more files in less floor space than traditional filing systems by utilizing vertical space.

Store **50%**
more files
in **27%** less
floor space!

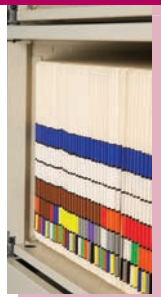

Prepunched Top

Units are easily converted to a Datum TrakSlider™ System for increased space savings. No drilling is required for overhead anti-tip attachment!

Posting Shelf/Spacer

Stak-N-Lok™ models are available with and without posting shelves and spacers.

Increased Cabinet Depth

New increased cabinet depth of 15" results in faster and easier filing.

Adjustable File Divider

The new adjustable file divider ensures files remain upright for neat and organized files.

Locking Options

As the need to secure files increases, the Stak-N-Lok™ is an ideal solution for privacy and security. Choose from a lock at the top or in the middle. Non-locking models are also available.

200 Series Stak-N-Lok™
(SN26LT6 Shown)

To receive additional Stak-N-Lok™ literature please contact the factory or your local sales representative.
