WW-100LP

- ◆ Secures and protects confidential materials
- ◆ Conserves valuable floor space
- ◆ Perfect for medical, industrial and commercial settings
- ◆ Organizes reference material and supplies
- ◆ Available with self-closing door and lock

# Healthcare Applications

The WallWrite® fold-up desk offers a convenient work surface and provides secure temporary storage for sensitive patient medical records. The introduction of the Health Insurance Portability and Accountability Act (HIPAA) mandates patient privacy and the WallWrite® is an affordable solution. The WallWrite® wall mounted work station is ideal for healthcare facilities, nursing stations and examination rooms.

Perfect for writing, organizing, computing or any activity that requires a flat, sturdy, work surface that is quickly accessible. Temporary work surface folds up when not in use to conserve valuable workspace.

The attractive WallWrite® offers a large 19" x 13" desktop\* and only protrudes 3-1/2" from the wall to meet ADA requirements.

Manufactured from cold-rolled steel, finished in a durable and easy to clean powder coat finish. Standard WallWrite® models include a handy storage bin\*\* for pens, instruments, file folders and other supplies. A magnetic door catch firmly secures folding desktop when closed. Optional accessories include a chart holder, erasable white board, lockable door, wood grain laminate front door and Datum's unique auto-close system.

All WallWrite® models are covered by a lifetime warranty.

## X-Ray WallWrite®

- Stores X-Ray jackets
- Available with or without lock
- Outside dimensions:  
19-3/8"H x 20"W x 3-3/8"D

- Convenient work surface great for any high-traffic area
- Available in X-Ray and standard size, with and without lock
- DropBox slot measures 3/4"D x 18-3/4"W

\*Standard WallWrite®, X-Ray WallWrite® desktop measures 19" x 16".

\*\*X-Ray and DropBox WallWrite® do not include a pen holder.

# Industrial & Commercial Applications

The WallWrite® wall mounted work station is ideal for loading docks, warehouses, factory floors, maintenance rooms, supply rooms, inventory control, public planning areas, shipping and receiving areas or any other high traffic area. The WallWrite® is also well suited for file rooms and computer rooms.

WallWrite's® temporary work surface folds up to save valuable workspace and is much more cost effective than a traditional desk. Mounted at either stand-up or sit-down height on any wall, column or shelving rack, the WallWrite® can install virtually anywhere, making it easy to find a useful application.

The white board option is an excellent way to welcome visitors, schedule meetings, provide information for vendors, or to leave messages for colleagues. Durable powder coat paint finish cleans easily and resists dents and scratches that are common in industrial and commercial settings.

## MSDS Center

- Helps to meet the Federal Hazard Communications Standard
- Provides convenient storage of MSDS Binders or any other important reference material
- Highly visible and easily accessible
- Pull down door turns into work area
- Outside dimensions: 22-1/2"H x 26-1/2"W x 6"D

- The WallWrite® is great for any file room, computer network room or any other area in the office.\*

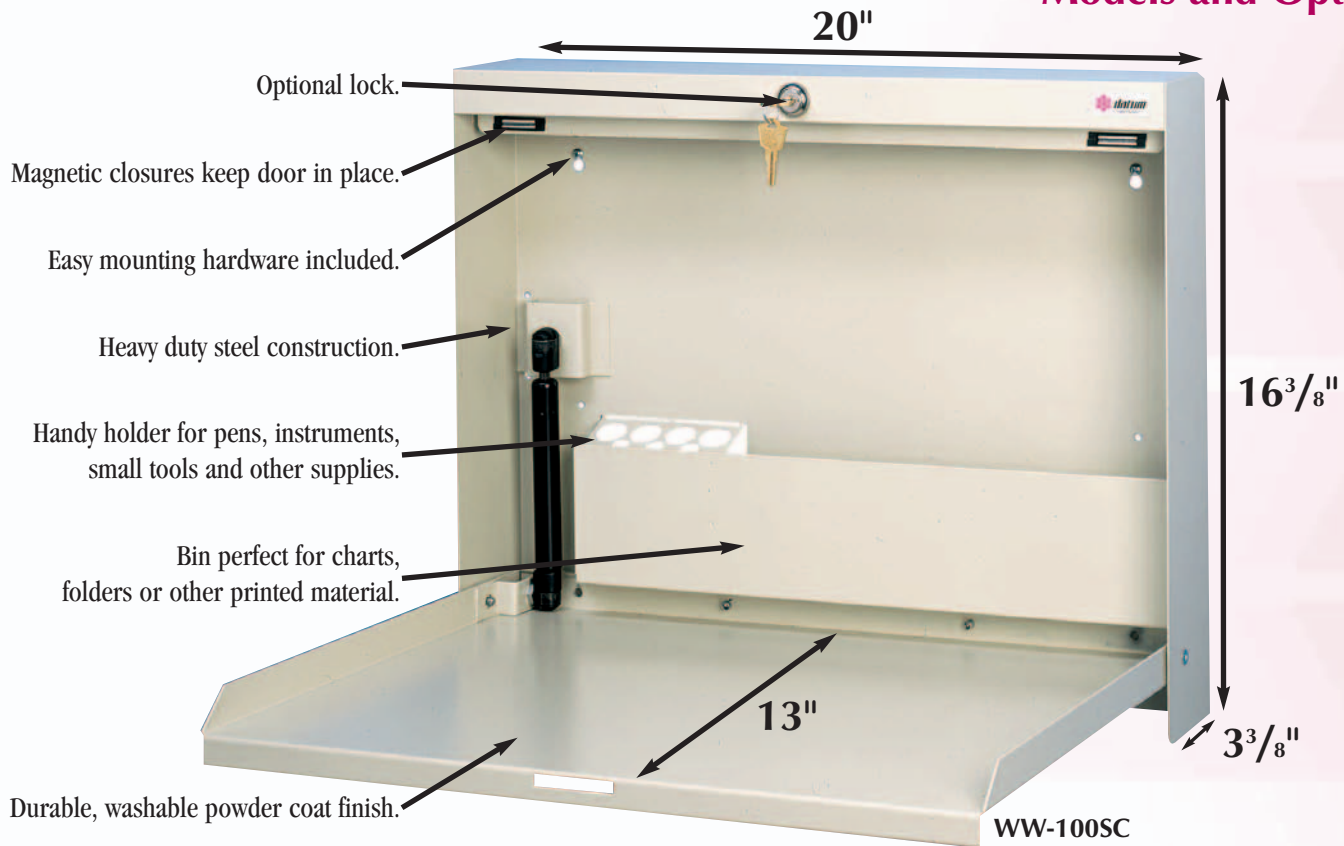

- The WallWrite® is easy to install and can be mounted at stand-up or sit-down height to any wall, building column, or shelving rack area.

\*The WallWrite® is not designed for storage of laptop computers.
