 2 Shelves • 325 lbs.
 KV2015\$1,345

Increased wall thickness for additional fire and theft protection, and heavy-duty hinges to reduce the possibility of prying off the door. These safes have passed fire, explosion and impact tests conducted by Underwriters' Laboratories.

W **LIFETIME WARRANTY**
 Free After Fire Replacement

S **STOCKED in Security Graphite**

UL CLASS 350° 2-Hour Fire & Impact Rating Safes

No matter what form of protection you're looking for in a safe, don't choose just any brand of equipment. Look to a brand that carries the Underwriters' Laboratories label. Why? Because the UL label represents the standard of product performance in a safe. Only equipment that has met the toughest requirements in the industry carries this endorsement.
